

Supplementary Table 1 Cost of cultivation, gross income, net income and B:C ratio of wheat as influenced by tillage and herbicides

| Treatment   | COC<br>(₹/ha) | GI<br>(₹) | NI<br>(₹) | B:C  | WCE<br>(%) |
|---|---------------|-----------|-----------|------|------------|
| Zero-tillage + sulfosufuron                               | 35078         | 121282    | 86204     | 2.46 | 83.3       |
| Zero-tillage + metsulfuron-methyl                         | 33753         | 123836    | 90084     | 2.68 | 79.4       |
| Zero-tillage + clodinafop                                 | 34028         | 130190    | 96162     | 2.83 | 69.3       |
| Zero-tillage + sulfosulfuron + metsulfuron-methyl         | 34528         | 132756    | 98229     | 2.85 | 95.3       |
| Zero-tillage + clodinafop + metsulfuron-methyl            | 34003         | 139476    | 105474    | 3.11 | 96.5       |
| Zero-tillage + two hand-weeding                           | 39428         | 144262    | 104834    | 2.66 | 98.8       |
| Zero-tillage + weed check                                 | 33178         | 106899    | 73721     | 2.22 | 45.7       |
| Minimum-tillage + sulfosufuron                            | 37328         | 114406    | 77078     | 2.07 | 78.6       |
| Minimum-tillage + metsulfuron-methyl                      | 36003         | 117716    | 81714     | 2.27 | 53.1       |
| Minimum-tillage + clodinafop                              | 36278         | 123614    | 87337     | 2.41 | 55.1       |
| Minimum-tillage + sulfosulfuron + metsulfuron-methyl      | 36778         | 129521    | 92744     | 2.53 | 93.9       |
| Minimum-tillage + clodinafop + metsulfuron-methyl         | 36253         | 135129    | 98876     | 2.73 | 95.3       |
| Minimum-tillage + hand weeding                            | 41678         | 138082    | 96404     | 2.31 | 98.7       |
| Minimum-tillage + weed-cheak                              | 35428         | 104477    | 69050     | 1.95 | 20.3       |
| Conventional-tillage + sulfosufuron                       | 40328         | 105983    | 65656     | 1.63 | 71.3       |
| Conventional-tillage + metsulfuron-methyl                 | 39003         | 111696    | 72693     | 1.87 | 48.2       |
| Conventional-tillage + clodinafop                         | 39278         | 115162    | 75885     | 1.93 | 43.1       |
| Conventional-tillage + metsulfuron + sulfosulfuron-methyl | 39778         | 121578    | 81801     | 2.06 | 93.2       |
| Conventional-tillage + clodinafop + metsulfuron-methyl    | 39253         | 128580    | 89328     | 2.28 | 94.9       |
| Conventional-tillage + two hand weeding                   | 44678         | 133073    | 88396     | 1.98 | 98.6       |
| Conventional-tillage/weed check                           | 38428         | 100340    | 61912     | 1.61 | 0.00       |

WCE, Weed control efficiency; COC, Cost of cultivation; GI, Gross income; NI, Net income.
