

Supplementary Fig. 1 Diversity of mango hybrids used in the present investigation.

Supplementary Fig. 2 Pearson's correlation matrix depicts the relationships between pairs of variables within mango genotypes. STh, Stone thickness; TP, Total phenol; TA, Total antioxidant; PlpP, Pulp percent; SWd, Stone width; FWd, Fruit width; FTn, Fruit thickness; FWl, Fruit weight; PlpWt, Pulp weight; PIW, Peel weight; SWl, Stone width; TSS, Total soluble solids; TC, Total carotenoids; FL, Fruit length; SL, Stone length.
