

Supplementary Fig. 1 (a) Stomatal density, (b) Stomatal length and (c) Stomatal width under different treatments.

C, Control condition; D, Drought condition; J1, Methyl jasmonate @25 μM; J2, Methyl jasmonate @50 μM.

Supplementary Fig. 2 Elemental weight percentages of (a) Carbon weight percentage, (b) Oxygen weight percentage, (c) Calcium weight percentage, and (d) Potassium weight percentage under different treatments.

C, Control condition; D, Drought condition; J1, Methyl jasmonate 25 μM; J2, Methyl jasmonate 50 μM.
